Harish - The offline or Airport Menu is different from the cloud kitchen menu and this is the first offline store coming up in South .

The secondary indenting is an output metric of primary indenting which needs a month of lead time - While stocks in BLR would be sent via the Coldex truck today , stocks which are not in BLR would be sent via additional costs.

Saurav

Hi,

When has the projections been shared with Coldex team by TFS team for the launch of this store? Has the TAT been followed of 35 days? Also, the category mapping of each SKU be fulfilled at a local level which is the standard industry practice.

Best Regards,

Saurav

Dear Anburaj,

Need your intervention in clarity of supply of product % is still not clear, also holding ratio of SKU's in warehouse for ease of supply for coming 30-40 days which ensures availability.

Suggest to share stock level @BLR warehouse of Coldex & holding days of each SKU's

Note: Restaurant is ready for trials & we haven't initiated trial due to non-availability of stock in restaurant, this needs urgent attention.
