Hi Jogeshwar,

Please find the attached email and screenshot containing all the codes that have been created for the Una locations. Kindly proceed with processing the Purchase Order (PO) for architectural services as per the email trail of Binu.

If you encounter any issues or challenges, please connect with me. It is now urgent to process the PO to move forward with the next steps.

Hello Binu,

The business case was created based on the proposal for the area. PlugD has measured the area on-site, and upon review, it has come to our attention that the area statement in the business case does not account for the first-floor seating area as well as the sports bar. Kindly review it and process the PO for approvals.

Kindly review the attached sheet for clarification

Hi Binu,

As per our discussion, please find the attached documents where we have issued a blanket purchase order (PO) for certain sites to PlugD. However, some of these sites are not commencing at the moment. Therefore, we have issued a PO specifically for Una locations, as they have been awarded some of the sites at certain basic rates.

I kindly request you to review this and proceed with the necessary steps so that we can align with the architects to advance these projects. We have already submitted the zoning plan for approvals to Gaurav sir, and we are eager to commence these projects by the end of the month. Our commitment is to open this project by December 25, 2023.

If the management has different plans or suggestions, please do let us know.

Thank you.
