Dear Santosh

In line with our today's telephonic conversation, we raised some queries about carpentry units requirements which you captured in the Equipment's BOQ of Mexican and Middle Eastern cart.

Now, as per our telephonic conversation, you stated that you are checking the BOQ once again for any duplication of similar works with other packages and will confirm us back. Please be informed that, meanwhile, we are putting this requirement on hold until you share us your final equipment requirement along with expected delivery period and list of authorized suppliers with their contact details for the same.

@Akshay Sharma – Requesting your intervention on same since, considering the urgency in all such requirements, the practice of dumping BOQ to TC team with irregularities are getting common which will delay the process..

Manish Mulchandani
