Hi Naren,

The Gordon Ramsay layout is approved.

The next step is to share the renders. The mood board option -1 is good to go but keep in mind the Indian touch into the modern design and the below points while designing the outlet:

- Consider installing hanging lights that reflect the intricate patterns but in modern Indian art, adding a warm and inviting glow
- Can add creative with a touch of Delhi's rich culture, elements from its iconic monuments can be integrated.
- In the booth seating the MS structure can have molding or jaali work
- Roof in Indian-inspired roof design,

Let me know if you have any queries.
