Hi Prakash,

As discussed , please find the attached drainage layout with the grease trap. There seems to be some layering issue. Additionally, please find the drainage layout and equipment list.

Dear Ankit Ji,

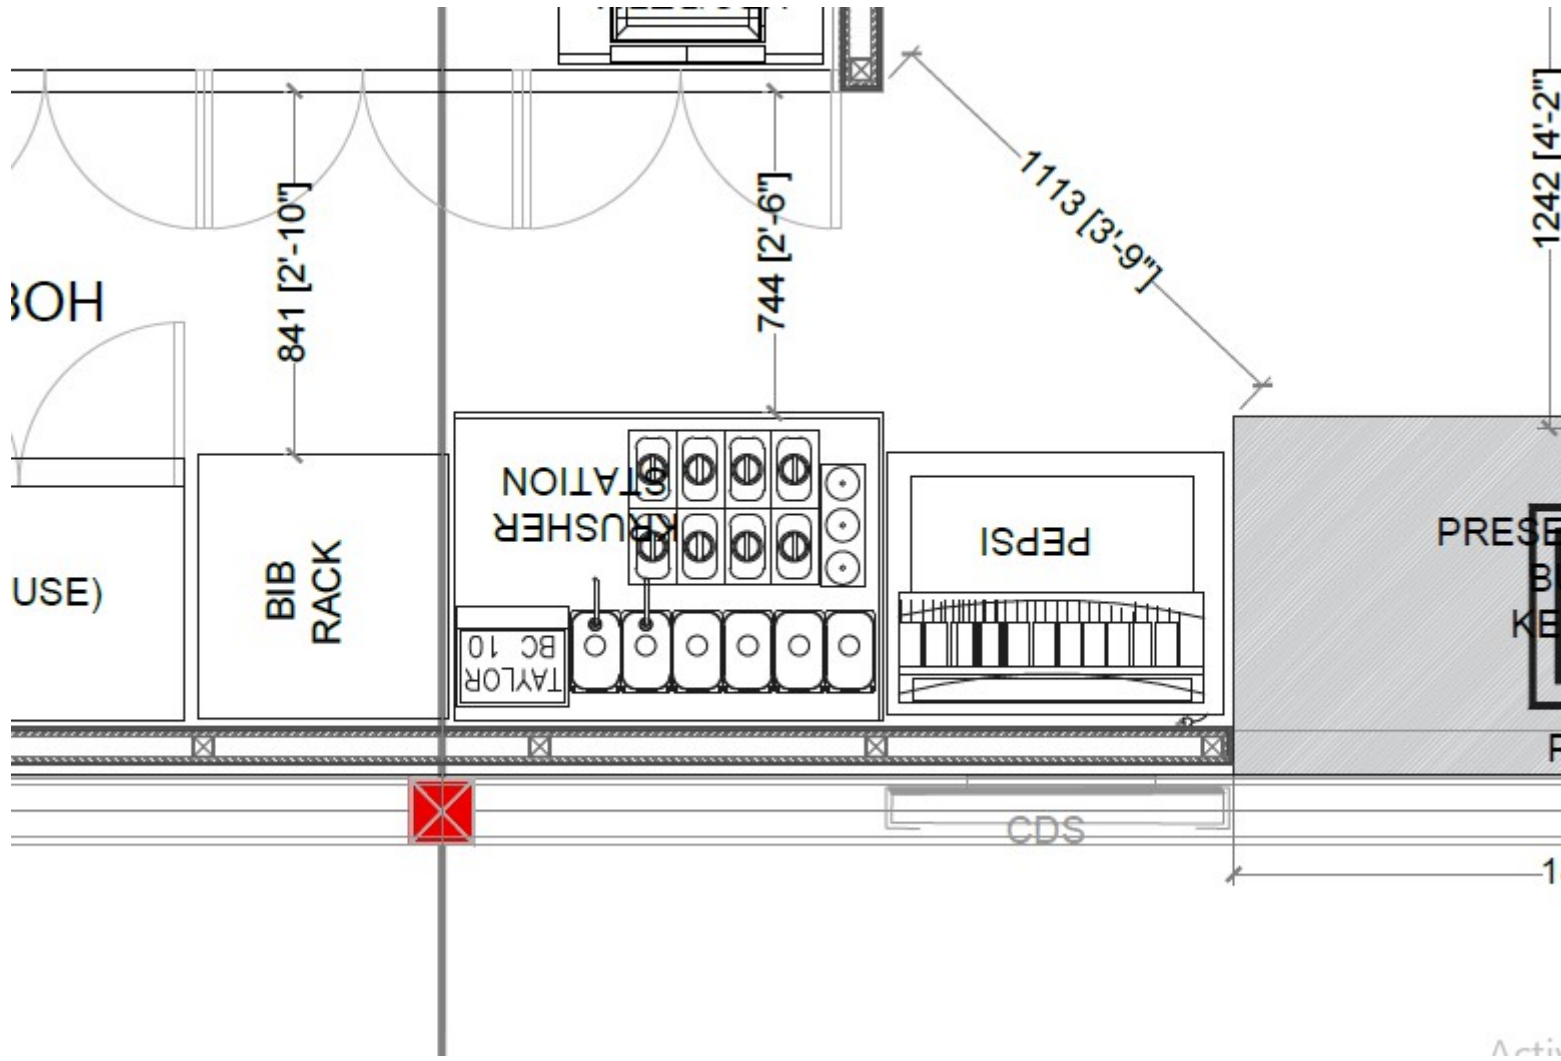

I have not found the Grease trap equipment in the Drainage as well as in the General arrangement plan.

The Krusher station in the equipment list is located near the Pepsi Machine.

However, I am concerned about the grease trap/ Crusher that is required below the Three Sink in the Washing area.

Request you to please clarify on the issue on priority.

Thanks & Regards,

Sitaram Mistry

Hi Prakash,

Please note that the Krusher station is already included in list number 17. Additionally, the second grease trap is specified in the drainage layout, not in this equipment layout. I have attached the equipment layout and list again for your reference.

Dear Prakash Ji,

Referring the attached Equipment layout and Equipment list, it has been observe below\_

1. Crusher is missing in the equipment list
2. Grease Trap has not been shown in the layout (Below Three Sink)

Do we require or not? Please confirm.

Thanks & Regards,
