**Subject:** FW: Request for New Bun Proofer Equipment at T4

Dear Sir,

Request your approval for a new bun proofer for subway T1 and move the same equipment to T4 as the projected ADS is doubled as per projection.

Also this will be as backup. The old bun proofer is almost 10 years old and if it breaks down, operations of the 2 outlets will hamper.

Thanks  
Amit K Singh

**Subject:** Request for New Bun Proofer Equipment at T4

Dear Sir,

This is to keep you informed on Sales performance of Subway T4, which is currently achieving an ADS of ₹90,000. However, we are facing significant challenges in transferring buns from T1 to T4, which is impacting our operations.

Our existing bun proofer at T1 is not functioning effectively due to its aging condition with the current sales volume and transferring challenges, a new bun proofer for T4 is essential.

I kindly request your approval for the procurement of a new bun proofer equipment for T4. This will help us to improve our operational efficiency.

Best Regards  
Suganth B
