**Subject:** RE: Beer Stop

Hello Ashish / Prakash,

Attached is the revised mock-up for upcoming #BEERSTOP. We have few queries as mentioned below:

1. Required right side of the façade size which is missing in the elevation as we have planned to place Marathi signage on it (see the attached mock-up), We have removed the 2 dollops from this side so that it should not block the Marathi signage
2. There is one more signage in back of the outlet as per the elevation (check the below screenshot), specification says it should be MDF cut letters. This is going to be done by the contractor or signage vendor has do make it. If it needs to include with the signage vendor then please share the exact color code mentioned in the elevation which is 'F15'. Also need to exact available space (check the 2<sup>nd</sup> screenshot) for the letters alignments.

3. Please share the size for the dollop shown in the render (check the below screenshot) which is also missing in the elevation (same has been highlighted earlier over phone call)
