Hi Prakash,

Please find the attached Wettransfer Link for the Idli.com and The Irish House at Lucknow Airport GFC Set.

This includes layouts, elevations, details, coordination plans with inventories, drainage and water supply layouts, as well as HVAC, Electrical drawings and BOQ.

Note: *As Discussed with you over phone call, 3D views are not updated ones regarding signage above counter. As discussed, request you to please get that signages approved as shown in 2D elevations, after which we will update the renders.*

Wettransfer link: <https://we.tl/t-64Yu5Vrhlx>

Hi Prakash,

Please find the updated layout with a larger electrical panel as required by our electrical consultant . To manage the space, we have moved the CO2 cylinder to the bond room to keep a gap between the under-counter chillers and the sunken sink cabinets.

This is as we discussed on the call with Ankit sir, Prakash, Irfan, and Darshan sir.

Please have a look and let us know how to way forward , so we will incorporate the same in GFC accordingly

Regards
Manpreet Singh

On Wed, Oct 16, 2024 at 2:59 PM GAPL <genarchpl@gmail.com> wrote:

Hi Prakash,

Please find the revised equipment layout attached. Due to the electrical panel size, we've adjusted the layout to accommodate a larger panel. This change has enabled us to reduce the space between the under-counter chiller and countertop sink.

Kindly review and confirm your approval.

Best regards,
Manpreet Singh
