

# WFA

## Feature Listing

## 1

## Ethernet

| WFA Software Features |   |
|-----------------------|---|
| WAN                   | <p>Aggregation:</p> <ul style="list-style-type: none"> <li>• 2 X WAN as Group 1</li> <li>• 2 X SIM as Group 2</li> <li>• Failover between WAN to SIM (Group 1 to Group 2)</li> <li>• Fallback from SIM to WAN (Group 2 to Group 1)</li> </ul> <p>With multiple algorithms:<br/>(Least Used/ Fastest Response/Round Robin/ Overflow)</p> |
| LAN                   | 3 x LAN ports (Bridge Mode)   |

## 2

## Wifi

| WFA Software Features   |  |
|-------------------------|--|
| Wireless mode           | Dual Band (2.4Ghz and 5Ghz) 802.11b/g/n/a/ac with data transmission rates up to 300 Mbps on 2.4Ghz and upto 833 Mbps on 5Ghz |
| WiFi security           | WPA2-Enterprise-PEAP, WPA2-PSK, WPA-PSK  |
| WIFI Scanner            | To identify external WIFI SSIDs, Band & Signal Strength  |
| Accessories and package | Power adapter 12V /2A * 1PCS<br>Cat5e cable * 1PCS<br>Product Manual * 1PCS  |

|                              |   |
|------------------------------|---|
| <b>Protocol</b>              | IEEE802.11n/g/b/a/ac IEEE802.3/802.3u/802.3ab |
| <b>Power supply</b>          | DC 12V/2A                                     |
| <b>Max Power Consumption</b> | ≤20W  |
| <b>Size(L*W*H)</b>           | 165MM * 235MM * 23MM (case size)              |
| <b>Gross Weight</b>          | 1.358 Kg                                      |
| <b>Net Weight</b>            | 1.095 Kg                                      |

## 3

## Network

|                      | WFA Software Features                                    |
|----------------------|--|
| NAT                  | NAT available  |
| WAN Connection Types | Static / PPPoE / DHCP /4G LTE                            |
| DHCP                 | DHCP Server, Static and dynamic IP allocation            |
| QoS                  | 1. User wise Rate limit and application QoS and Priority |
|                      | 2. Priority Over other user                              |
|                      | 3. Application wise QoS                                  |
|                      | 4. Application wise Priority                             |

## 4

## Security

|                   | WFA Software Features   |
|-------------------|---|
| Attack Prevention | DDOS prevention (SYN flood protection, SSH attack prevention, HTTP/HTTPS attack prevention), port scan prevention (SYN-FIN, SYN-RST, X-mas, NULL flags, FIN scan attacks) |
| Security          | URL/Domain Filter (URL based content filter)  |
|                   | 1. Allow/ Block domain including subdomain  |

## 5

## Monitoring and Management

|              | WFA Software Features   |
|--------------|---|
| WEB UI       | Centralized Orchestrator  |
| Monitoring   | Actual Zero Touch provisioning with fully remote managed solution   |
| Email & SMS  | Alert Sending on registered Email ids and mobile numbers<br>Third Party SMTP and SMS Gateway API integration required |
| Cloud Portal | Device Up / Down Status   |
|              | Hardware  |
|              | 1. Memory / Load Average / CPU Utilization/ HDD Utilization (Alerts and RTG Graphs)                                   |
|              | 2. CPE Uptime with Alerts   |
|              | WAN   |
|              | 1. Port Status (Port Details, Port Graph)   |
|              | 2. Automatic ISP Identification (ISP Name & location)   |
|              | 3. Automatic IP Detection   |
|              | 4. Latency Check  |
|              | 5. Check bandwidth availability on active WAN & SIM (Automatic and Manual Speed Test Available )                      |
|              | 6. Internet Identification (Active: green , No internet: red and backup: grey)  |
|              | 7. Port Wise Alert and Notification (SMS and Email)   |
|              | 8. Port Wise MRTG Graph (WAN & SIM : Traffic/Latency)   |
|              | 9. Sim Signal Strength with MRTG  |
|              | 10. Sim Region, City, IMEI, SIM Number and APN detection  |

|  |  |
|--|--|
|  | 11. No SIM & No Service Status   |
|  | 12. Combined Port wise Traffic Graph and Aggregated Graph (Between Group 1(2*WAN) or Group 2 (2*SIM))  |
|  | LAN  |
|  | 1. Port Status (Port Details, Port Graph)  |
|  | 2. Port Wise Alert and Notification (SMS and Email)  |
|  | 3. Port Wise MRTG Graph (Traffic/ Up Down)   |
|  | 4. Connected IP List   |
|  | WLAN   |
|  | 1. WIFI Band (2.4Ghz and 5Ghz)   |
|  | 2. Band wise Traffic, Band wise bandwidth Utilization  |
|  | 3. Band wise connected MAC with Signal Strength notification and Mac Vendor identifier   |
|  | Configuration  |
|  | 1. Remote Reboot   |
|  | 2. Factory Reset   |
|  | 3. Firmware Update   |
|  | <ul style="list-style-type: none"> <li>● Per Box/ Bulk Configuration and Upgrades</li> </ul>   |
|  | 4. Administration  |
|  | <ul style="list-style-type: none"> <li>● Multi Tenanted</li> <li>● Role Base Access</li> </ul>   |
|  | 5. Orchestration Security  |
|  | <ul style="list-style-type: none"> <li>● SSL &amp; TLS 1.3 API</li> <li>● JWT Token Based Login</li> <li>● Two Factor Authentication(SMS &amp; Email)</li> </ul> |

## 6 Physical Interfaces

|                    | WFA Software Features                   |
|--------------------|---|
| <b>Ethernet</b>    | 5 x RJ45 ports, 10/100/1000 Mbps        |
| <b>Status LEDs</b> | 2 x SIM slots Standard Size             |
| <b>SIM</b>         | 2 X LTE, 2 X WiFi                       |
| <b>USB</b>         | USB 2.0                                 |
| <b>Micro SD</b>    | 1 X Micro SD card slot                  |
| <b>Reset</b>       | Reboot /Factory reset button            |
| <b>Throughput</b>  | LAN: Upto 1 Gbps<br>WLAN: Upto 250 Mbps |
