## CONTENTS:

PROJECT DETAIL	3
SCOPE OF SERVICES	3
FEE PROPOSAL	8

## PROJECT DETAIL:

The project is design of CBTL at Mumbai T1. The scope includes Interior Design, MEP & Kitchen Consultancy.

## SCOPE OF SERVICES:

The scope of work will include Interior Design, MEP & Kitchen design as per the following:

### **PHASE I –CONCEPT & SCHEMATIC DESIGN**

The Design Consultant shall develop concepts for the CBTL outlet in line with the brand format & Client requirements. The Design Consultant shall review and discuss Client's brief including Budget Information and analyse it in detail to understand project requirements. Preliminary concept presentation in form of plans, material types, furniture types, colour schemes determining the intent of the design will be provided for the Client's review.

- Architectural, MEP & Kitchen drawings shall be reviewed to ascertain integration of base building architecture, MEP and Interior design. The architectural drawings in cad format and base building MEP provisions will be provided by the Client.
- Space planning layout shall be developed indicating furniture layouts and space usage with key functional and aesthetic aspects based on the standard prototype.
- Design Consultant will co-ordinate with the Client to incorporate the Interior, MEP and Kitchen requirements of the Airport Authority.
- Concept design will be presented on coloured (rendered) A3 size plans, materials selection and finishes on Boards (Soft & Hard copy).
- This phase shall be deemed complete on receipt of general approval on overall presentation in terms of layouts, colour scheme, theme, etc. Minor adjustments, changes, amendments to these designs shall be carried forward in the next stage.
- Material & design alternatives shall be suggested to the Client in order to meet with the budget and operational requirements

### **Deliverables:**

- Zone Plans
- Rendered Concept Plans
- Rendered Sections & Elevations
- Material & Finishes Presentation

- 3d renderings –2no. views of the outlet

## **PHASE II –DESIGN DEVELOPMENT STAGE**

The objective of all work in this phase is to fine-tune the schematics developed in Phase I, such that all concept details and conditions can be coordinated to develop a cohesive and detailed design package which will form the base drawings for Tendering.

- The Design Consultant shall incorporate all necessary changes, amendments to their design based on the Client’s review comments in Phase I.
- The Design Consultant shall be responsible for all review, coordination & integration of MEP, Structure and Kitchen consultant during this stage, including other consultant’s inputs in all interior related drawings and documents).
- The Design Consultant shall assist in any value engineering required to meet the allocated budget for the project
- The Design Consultant will issue drawings for the review of the Client.

### **Deliverables:**

- Co-ordinated Interior Design Plans
- Furniture Layouts
- Co-ordinated RCPs
- Co-ordinated Flooring plans
- Co-ordinated Sections & Elevations
- Material boards
- Material & FFE Cut-sheets
- Finishes Schedule
- Lighting design & details
- MEP drawings
- F&B Equipment drawings

**PHASE III – TENDERING STAGE**

Based on the co-ordinated package developed in Phase II, the Tender Drawings shall be prepared and these drawings shall be basis for preparation of quantities/ BOQ and tender documents, FFE.

- Interior design Bills of Quantity shall be prepared to incorporate in Tender Package.
- Tender documentation shall include all features of various other consultants including locations of ventilation, air conditioning elements, kitchen equipment's, all white goods sizes and locations, lighting and sound system outlets, fire detection and extinguishing system features/outlets, decorative light fixtures, switches, ironmongery, etc all complete.
- Final Tender package will be issued after review of the package by the Client and incorporation of the Client's comments.
- The Design Consultant will attend co-ordination meetings with Client and Airport Authority
- All submittals shall be provided to meet the brand format requirement
- The Design Consultant shall participate in value engineering of the Interior design
