Dear Prakash,

As of now you are using AutoCAD LT, Please confirm the correct application name i.e. AutoCAD (Full Version) or AutoCAD LT will be required for Dhiraj, accordingly we'll check for its software quotation and hardware. AutoCAD includes 3D drafting and modeling tools, while AutoCAD LT is primarily for 2D.

Also provide details for required version of Revit i.e. Revit LT or Revit (Full Version).

++ Samrat
For Hardware requirements.

Hi Prakash

I am ok with purchase of BIM. Pls check with the relevant version that is required. Should not happen that we buy some version which is not compatible with what the airport is uses.

I am also ok to purchase a high spec desktop so that the BIM can be viewed.

On autocad, is this a different version that you are asking for? Is it different from what you are using now?

Regards
Akshay

Subject: Autocad & Revit Software budget approval

Dear Bosses,

We urgently require the installation of AutoCAD and BIM software on Dhiraj's laptop to facilitate ongoing project work. I am requesting your approval for the following software:

- **Revit 2023:** ₹1,58,000
- **AutoCAD:** ₹1,10,000

Please note that these are approximate costs, and the final pricing will be confirmed by Asad from the IT team.

Thank you for your support.

Best regards,
Prakash Mistry
