Hello Khushbu,

We have revised the signage size as suggested and also added the clip-on artwork in BOQ and print file.

Below is the link for the BOQ along with the print file and reference/elevation. And also attached the BOQ with this mail.

Dear Chetan

Please consider the length of signage as 3000mm.

Dear Abu

Please share the artwork.

Regards
Khushbu

Hi Khushbu,

I have discussed this with our Marketing team internally, but the size is just getting smaller for our facade. At First it was the height and now its the length, the location of pier/Carved column is also concerning as it is hampering our frontage. Kindly suggest us a way out without reducing the length.

@Santosh - PFA GAS Pipeline BOQ for your reference.

Regards,
Abu Talha Khan

Dear Abu

This is to inform you that the length of bulkhead for signage is not enough to accommodate signage of length of signage of length 3000mm so we are recommending new total length of 2050mm for both Wow momos and wow china with constant height of 600mm at Ahmedabad food court.

Regards

Khushbu

Subject: AHMD_FOOD COURT OUTLETS RENDER

Dear Ankit

Please find below comments by Asset team on the renders of Nourish, Idli.com and Dhaba

They are ok with the render of Nourish but please incorporate the comment in Idli and Dhaba

1. Brands to avoid puncturing the interdemise partitions. Any cladding/ panelling has to be supported by separate framework which should be anchored into the Ceiling and Floor Slabs *Yes we have already do this in our Interior docket.. please see the drawing details once.*
2. All exit doors (including Flap doors) need to be min 900mm clear and should open in the direction of egress.
3. Some elevations may need to be redone as per the comments in the attached doc.*Old views please share the final views with airport for final comments*
