Product Description

Be Your Own Barista

Budan Espresso Machine with In-Built Grinder helps you be your own barista while saving space. You can make cafe-like coffee like cappuccinos and latte at home.

- PID Control & 15 Bars Pressure: Precise temperature control (88 to 96°C) & pressure for optimal espresso extraction.
- Quick Brew Time: After warm-up, the machine brews espresso in only 25 seconds.
- Steam Wand for Milk Beverages: Allows for hand texturing micro-foam milk. It improves flavour & enables latte art.
- Grind Size Dial: Easy-to-operate dials for 30+ grind size adjustments for both espresso and manual brewing

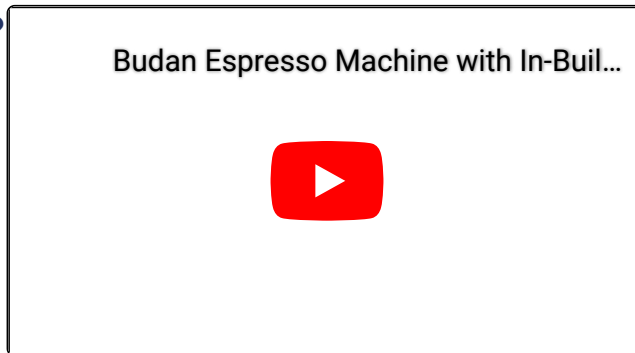

- Large 58mm Portafilter: More space for coffee ground, improved extraction & consistency in extraction.
- 2.8L Removable Water Tank & Drip Tray: For easy refills, cleaning and convenient usage.

- 1 Espresso Machine
- 1 58mm Tamper
- 1 350ml Milk Pitcher
- 1 Single and Double Cup Filter Basket
- 1 Cleaning Pin
- 1 Cleaning Brush

What's in the box

How to use?

- Plug in your espresso machine and add filtered water to the water tank
- Turn the machine on, the display button will blink till the machine is heating up
- Once the coffee machine is ready to use, the display will stop blinking
- Fill the bean hopper with coffee beans
- Pre-heat the machine and prepare the cups
- Collect the ground coffee in your portafilter by pressing the grind button
- Level and tamp the coffee using a leveller and a tamper respectively
- Purge the group head and fix the portafilter into the group head
- Turn on the extraction button and the espresso will start pouring out through the portafilter spout
- Collect your cup and enjoy your brew
