Hello Murchana,

We have shared the lighting layout along with the BOQ with you multiple times but every time TFS changes something at site, the revision is demanded. Please note, the BOQ can be changed from your end as well and taken ahead for execution.

Hi Team

I am very concerned regarding the delay in receiving the lighting BOQ. As of today, Wednesday, we have yet to receive a BOQ of our project. With the scheduled opening date of our outlet looming, each day of delay not only hampers our progress but shows the team's lack of professionalism.

Please treat this matter with the utmost urgency and provide us with the requested information at the earliest convenience.

Hello Murchana,

PFA revised BOQ.

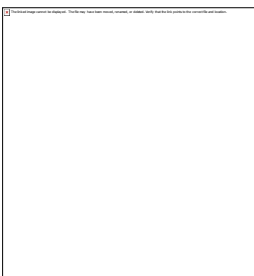

Changes are for light quantity and type from track to cylinder. Increased corian quantity. Colourful pipes changed to MS instead of PVC.

Hi Saba and Srimanta,

As discussed, you will share the SLD drawing tomorrow.

Few things that need revision:

- The updated TV fixing detail.
- The updated renders where there is no ceiling and the signage is 350mm with signage box and it will be fix at the bottom. Ref outlet is attached.
- Need to update the lighting layout and BOQ. Since we don't have airport ceiling so we can either have track light hanging from the metal support or a surface light. I will share the measurement tomorrow. Please update accordingly.

Dear Srimanta,

The suggestion for adding a vertical 43" TV Screen on the right hand side of the façade where you have placed the colorful PVC pipes, is to play videos of MOD Food Shots and to improve the visibility of the store. Request that this be included and the revised design be shared so that we can put it for approval to the Airport.

Hi Srimanta,

I still can't find the furniture and light BOQ, also the signage's open files are missing.

Hi Saba,

As discussed with you, please share the marketing screen.

**Thanks & Regards,**
