

BIAL

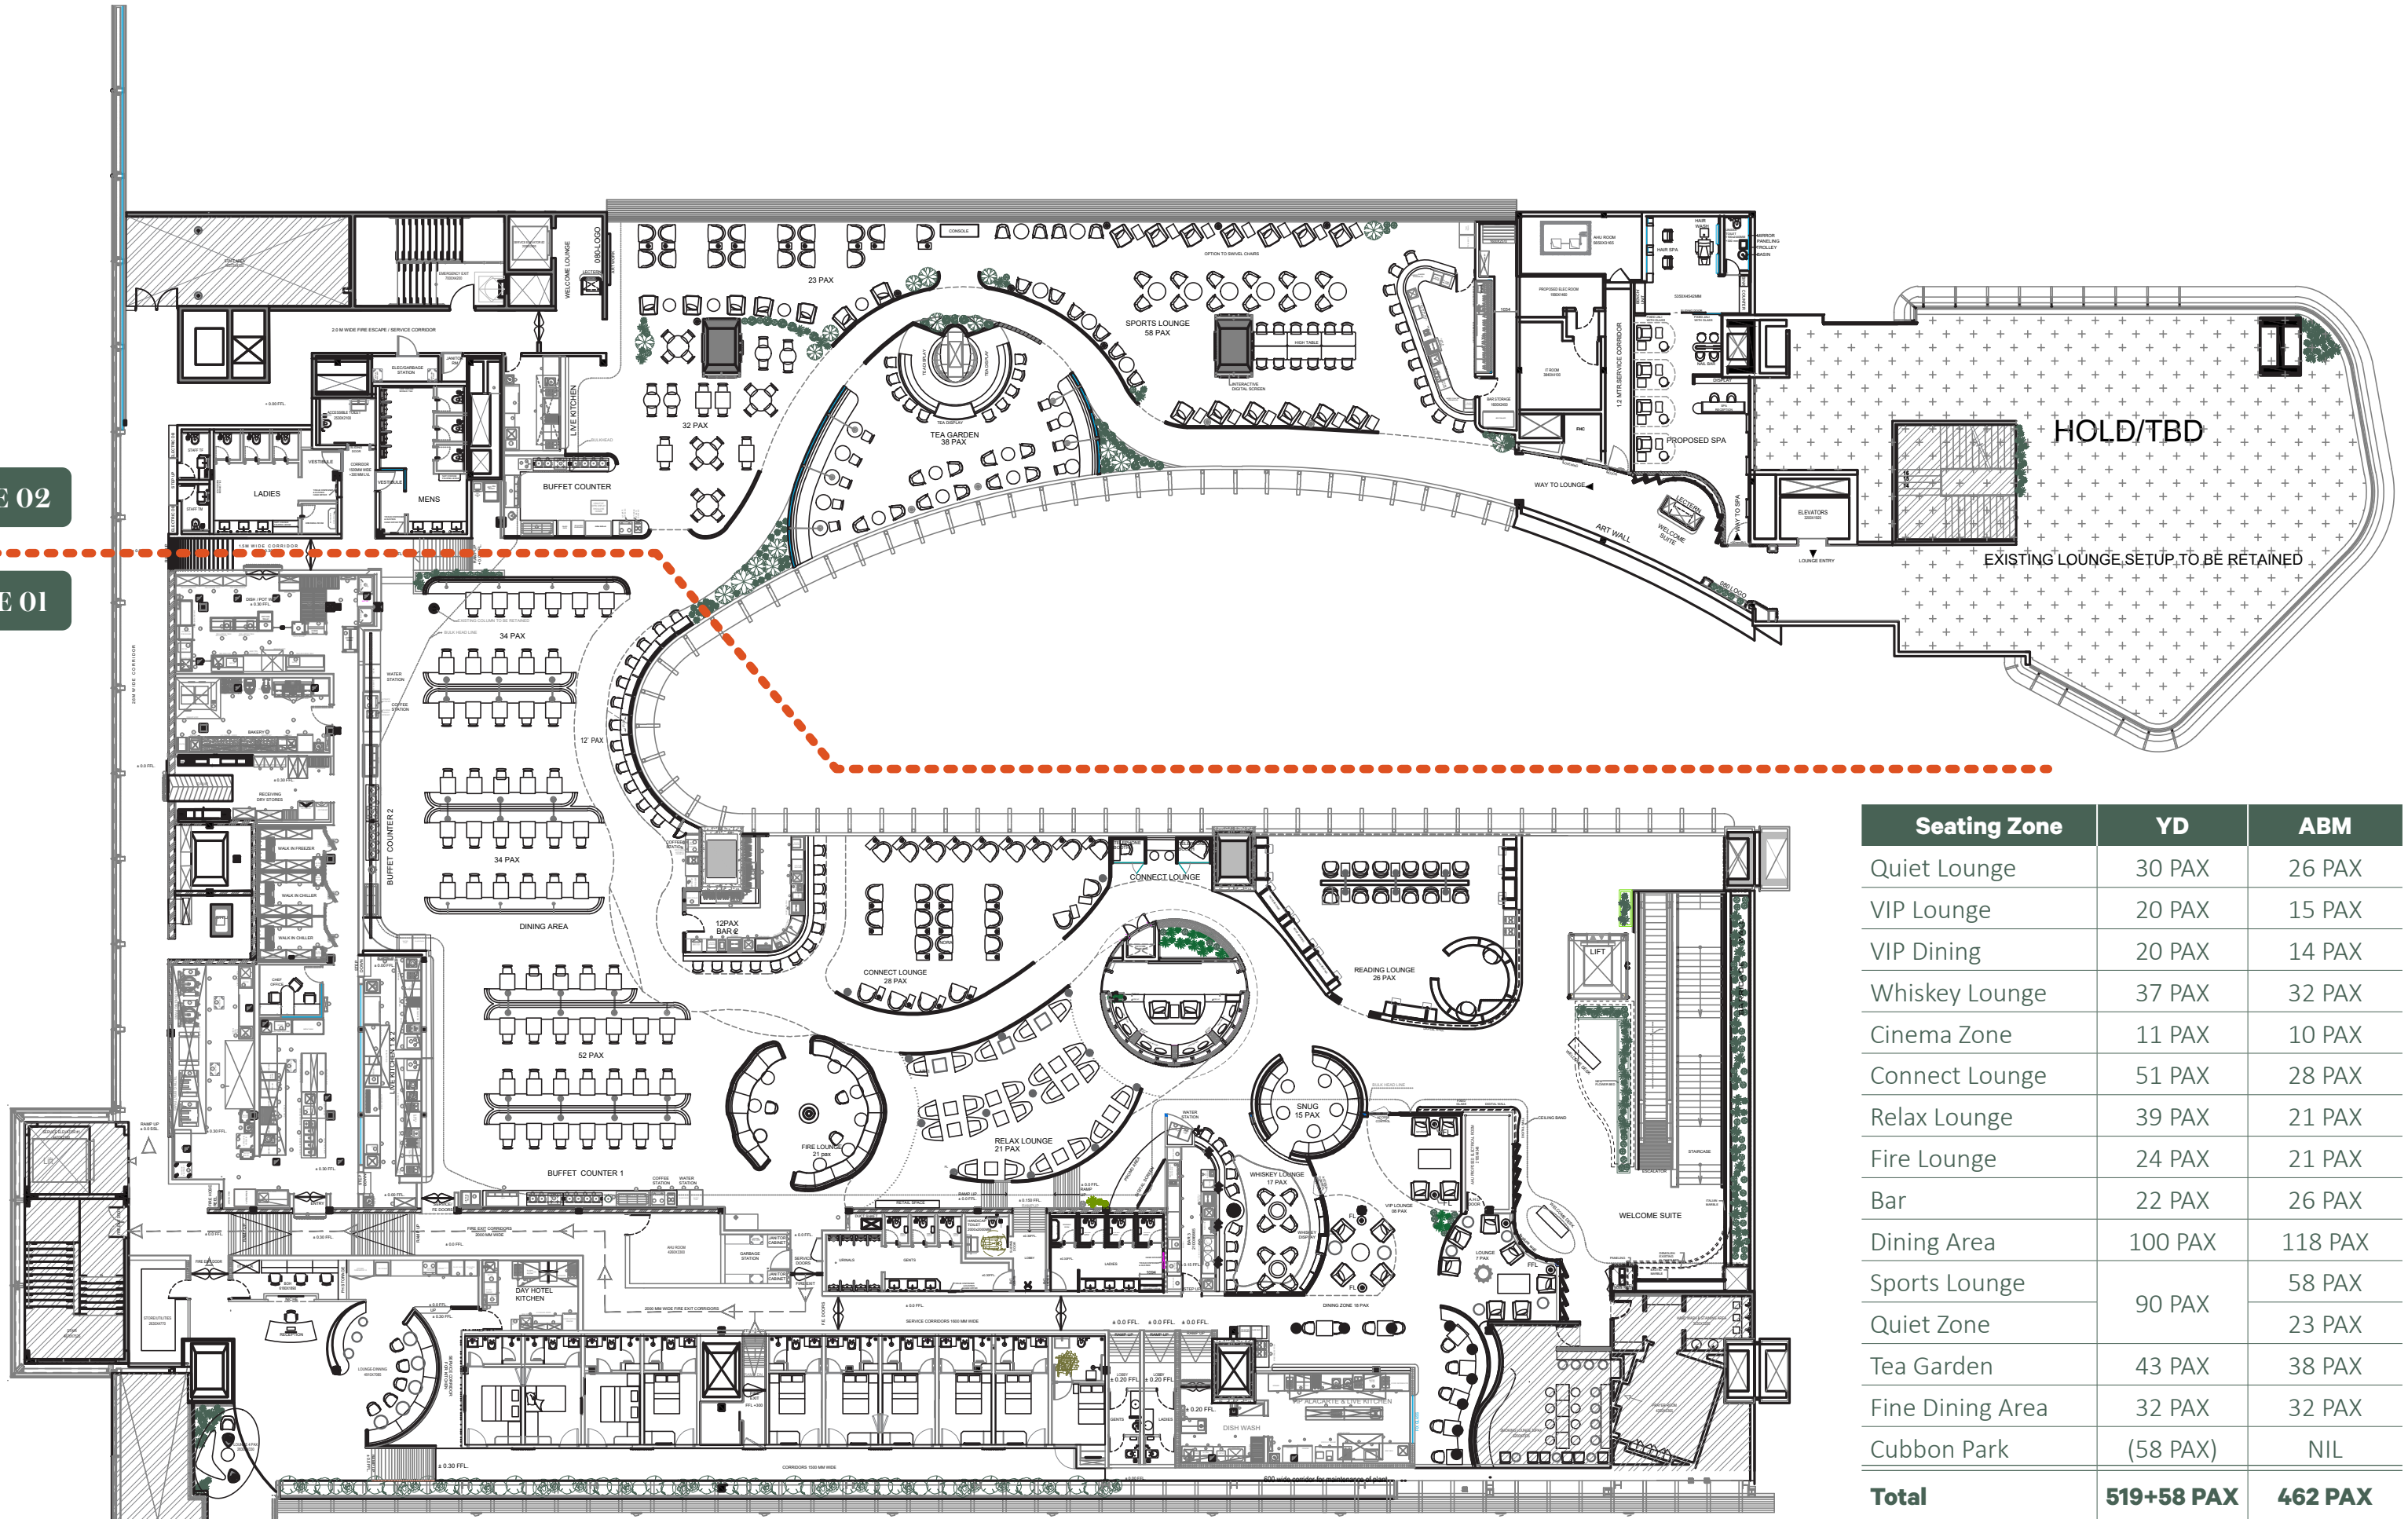

DOMESTIC LOUNGE

PHASE 1 & 2

A monochromatic photograph of an airport terminal. A person is seated on a modern, dark-colored bench in the center. The bench has a unique design with curved, ribbed backrests. The floor is highly reflective, mirroring the person and the bench. Large windows in the background show an airplane on the tarmac. The word "ARTWORK" is overlaid in a white, serif font on the right side of the image.
