Dear Nitin,

This is to bring you in Notice that the single door Chest freezer kept in the back area pf BB Colaba which is used for bar operations
Is Completely damaged

I have attached the Images & Videos for your reference
The Same looks difficult to be fixed and its completely rusted.
Kindly look into this as we have lot things stored which is used in bar on Regular basis.

Please find a replacement of same at the earliest to avoid any operational issues.

Should you have any query kindly connect me for same

Regards,
Sagar Pedamkar
