	Supply installation testing and comissioning of Hood supression system(Ceasefire or equivalent).	Supplying and execting PVC announced cable 2 core 1.5 sq. mm FRLS copper conductor complete exected on wall / celling as per- specification	Supplying, erecting, testing and commissioning the addressable type Fire Alarm Control Panel (FACP) with standard accessories complete	Supply, installation, testing & commissioning of 2 zone based conventional Fire alarm control puncl with standard set complete as required.	Supply, Installation, testing & commissioning of hoosters (Specification :- 110 cd light & 85 dB with adjustable DB) at different locations complete with all fixing accessories, do under false ceiling roof, wall etc. complete as required.	Supply, installation, testing & commissioning of Conventional Hooter cum Strobe complete as required.110 ed light & 85 dB adjustable at different locations complete with all fixing accessories on under false ceiling nord,	Staphy, Installation, testing & commissioning of addressable type manual call point (break glass type) complete with push button, enclosed in box with provision for cable or conduit coupling. The unit to be painted fire red outside, white inside end written In case of the break glass:	Supply, installation, testing & commissioning of conventional Manual Call Point (treak glass type)complete with push bumm,emclosed in two with provision of conduit/cable coupling. The unit to be painted fire red outside white inside and written 'in ease of fire break plass' or as required.	Supply, Installation, testing & commissioning of addressable type Heat Delector (fixed cum-rate of rise type) with fix temperature at 73 o C complete with all fixing accessories like base, base box, etc to be installed under /above faite ceiling, roof and concealed space, etc complete as required.	Supply, Installation, testing & commissioning of addressable type smoke Detector with floating sensitivity Complete with all accessories like base, base box, etc. to be installed under / above false ceiling, roof and concealed space, etc. complete as required.	Supply, installation, testing & commissioning of Conventional Type optical Smoke Detector with inbuilt scattered light measurement, mee of rice and fixed temperature based technology and LED indication should be on the centre of the detector with mounting base complete as required.	A RESPONSE THE DESCRIPTION OF STREET	Example of the Control of the Contro		Supplying and fixing 1.6 mm thick MS junction/outlet 450X300X100 mm deep boxes with cover plate	300 x 300 mm deep boxes with cover plate for Electrical Panel	150mm x 200 x 40mm (W x H) - (18 SWG - 2 mm) with cover with one partition.
