Dear Saeed/ Chef Indranil,

Please check the below point.

1. As per the Josh Bhatara size 10"inch, Kadai should be electric 25 ltrs .but layout showing basket deep fat fry. We are using Induction hob for bhatara as shown in drawing and bhatara size will be small-Chef Indranil please clarify.
2. Bhatara Table should be along with Bhatara kadai. Bhatara table is provided on back side-Chef Indranil please clarify.
3. Instant of table top Dosa tawa, can we use 3fit electric Dosa tawa .due to void the Q. we proposed hot plate is of 30" which is STD, we cant use 3' size due to space.

Please see the attachment for your reference. Which is we using in T1 Idli.com 1C food court .

Rest all is ok with me .

Chef Sunil
