CAUTION: This mail has originated from outside Adani. Please exercise caution with links and attachments.

Dear Manish

We've encountered a challenge with the delivery timeline for the Elanpro Old type Beer dispenser ordered for Lucknow Irish House. Currently, there's an extended 8-10 week lead time due to its import from Italy. To resolve this issue promptly, we've identified an alternative solution.

Raja Engineering, situated in Faridabad, Haryana, is capable of providing a similar beer dispenser along with a beer flash chiller. Mr. Sanju Arora, the Operation Head at Irish House, has approved the brand and model. I have attached the quotation for your review. Kindly approve the quote at your earliest convenience so that we can proceed with ordering the alternative equipment and expedite the delivery process

Thanks & Regards
Sandeep Bhat

Subject: Irish House Elanpro Old type Beer dispenser alternative

Dear Sanju Sir ,

Following our discussion, the Elanpro Old type Beer dispenser presents a challenge due to its extended 8-10 week lead time, being imported from Italy. To resolve this issue, we've identified Brew Driver (Raja Engineering) based in Faridabad, Haryana, capable of providing a similar beer dispenser along with a beer flash chiller. Additionally they usually maintains stock & have local service support throughout India , Given the urgency, we propose procuring these Equipments for the existing Irish House outlets in Lucknow and GMR Hyderabad, as well as for the upcoming Irish House outlets.

Your approval for this alternative solution would help us in reducing the Equipment cost & mitigating longer lead times .
