Hello Samrat,

In one domestic lounge where reception has enough space and the rush is more, so we want to give a slightly high performance desktop like-Dell 7010, so that customer on boarding process will be much faster, and also I have another lounge where there is less space in the reception we want to provide an AIO -7410 without touch .

@ Nikhil - I would request to you please approve **Dell 7010 & Dell 7410** one for each model.

Thanks & Regards,

Dear Shubhendu,

Why do you require a desktop and an AIO each and why not both desktops or both AIO? also mention that if AIO then with touch or non-touch. Pls get this approved from Nikhil and accordingly raise the PR.

Regards

Samrat
