Dear Sir,

**Sub: Quotation for the Supply of Electronic Weighing Scales.**

Further to the techno-commercial discussion we had with your good self on the supply of **Electronic Weighing Scales**, we are herewith forwarding our offer for your perusal.

Samurai Technoweigh India Pvt. Ltd is the market leader in India for weighing scales & Weighbridges. We are the market leaders in weighing scales & weigh bridges, and this was possible because of our superior product quality and prompt and efficient after-sales service. Our products are designed to withstand the demanding weighing conditions of our customer.

We Samurai Technoweigh India Pvt Ltd. feel pleasure to share details of our latest developed Product - Industrial weighing Scales. The Industrial weight indicator is very compact in size and has miniature design to meet various industrial requirements of Automation, PLC integration, Process weighing, Concrete batching plants etc. Different variants are available with the Models with following features:-

- 1. 04-20 mA output      2. 0-10 V output      3. RS-232 port      4.RS-485 Modbus RTU**

Samurai Technoweigh India Pvt Ltd is the leading manufacturer & supplier of Electronic Weighing system & software for various industrial applications:-

- ❖ **Truck scales**
- ❖ **Industrial platform scale & Table top Scales**
- ❖ **Batching & Bagging**
- ❖ **Oil Filling**
- ❖ **Tank weighing**
- ❖ **Crane Scale**
- ❖ **Industrial automation**
- ❖ **Concrete/RMC Batching Automation**

Please feel free to call on the under signed on or mail at for any further clarifications in this regard. Thanking you and always assuring the best services and personalized attention.

**Our Eminent Clients:**

## Industrial scale's proven strength brings large-scale benefits

### Features

- Bright LED display for easy viewing in most environments
- Adjustable levelling feet help optimise setup
- Lightweight design simplifies transport and portability
- Rugged construction stands up to industrial use
- Memory accumulation total results
- External calibration allows for verification and adjustments with weights
- Sealed keypad protects against dirt and spills
- Wall-mount bracket for placing indicator on vertical surface
- Colour-coded keys facilitate quick recognition
- Rechargeable battery included for operation almost anywhere
- Heavy duty rubber feet ensure stability of unit
- Overload protection helps prevent damage to internal components
- Large, grade 202 stainless steel platter, console stand and back grill
- Programmable auto power-off to save energy

### General Specification

- Weighing units: kg, g
- Calibration: External calibration
- Display housing: ABS Plastic
- Operating temperature: 0°C to 45°C
- Display: Green LED with 25.4 mm-Hight Digit

### Optional Reports

- Interface: RS-232
- Check Weighing with audible alarm

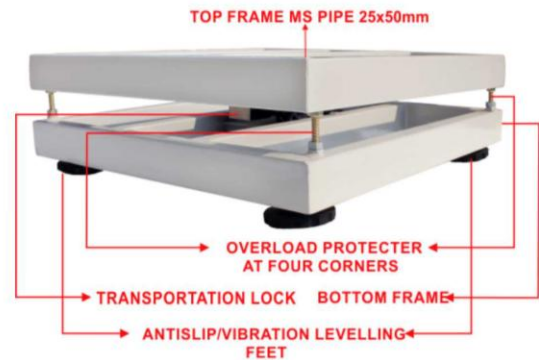

Console

Heavy Duty Alloys  
Steel Load Cell

**Key features**

- Bright Green LED 14.22mm for easy viewing in most environments
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Sealed keypad protects against dirt and spills
- Large, grade stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- Rechargeable battery 6V/4.5Ah for 24 hours continuous use
- Rechargeable battery included for operation almost anywhere
- Zero-tracking feature ensures display returns to zero reading
- Auto power-off to save energy
- Overload protection helps prevent damage to internal components
- Digital filtering helps minimise effects of vibration and disturbances
- External calibration allows for verification and adjustment with weights
- Solid Mild Steel housing is durable for industrial use
- Simple operation allows quick startup and use with little or no training

**General Specification**

- Weighing units: kg, g, Liter
- Calibration: External calibration
- Housing: Mild steel base
- Operating temperature: 0°C to 50°C
- Display: Green LED with 14.22mm-Hight Digit

**Optional Pole Display**  
(instead of in-built dual display)

**“Table Top Weighing Scale”**

Provides features and consistency for portable performance With the flow of time, everything changes and so is the scenario of electronic weighing machines. The traditional weighing machines have been pushed out of the market by the digital weighing balances as they offer a high rate of efficiency and productivity. Samurai Technoweigh India introduces a Table top Weighing Machine which is solely designed for the retail stores and the shops. The machine has a very user-friendly design and comes up with a perfect technical outfit.
