Hi Shashank,

We would not be in a position to do this project unless we get a 65% rework cost.

Thanks

Dear Amey,

We agree that there are multiple comments received from NIA which needs to be incorporated but 75% additional fees looks too high.

There was one major revision and balance are minor changes. Also scope of Detailed Drawings & MEP was never executed.

Kindly review and revert.

Dear Shama,

Kindly approve a 75% additional fee for the project as post the tender the entire design and concept along with drawings have changed -

Please note that we would be able to move only on any of the drawings or details post the approval and PO for the same.
