- **IDEAL COMFORT:** Experience ultimate comfort with the VMS Careline Comfort Foldable Wheelchair. Its premium breathable PVC material seat and backrest provide a customized and luxurious feel. The padded fixed armrests enhance comfort and offer safe adjustment. The detachable calf support belt reduces pressure, and the high-strength aluminium footrest plates can be flipped for easy standing.
- **FOLDABLE AND EASY MOBILITY:** Weighing just 18kgs, this wheelchair features a foldable design with swing-away leg rests. Its lightweight construction ensures effortless transportation and convenient storage.
- **ADJUSTABLE BRAKE SYSTEM:** Gain full control of your mobility with the VMS Careline Comfort wheelchair's adjustable brake system. The user-friendly handbrakes on both sides of the wheels offer personalized control over speed and safety. Easily customize the brake tightness with adjustable screws to suit your preferences.
- **ANTI-SLIP HAND PUSH:** The wheelchair features an anti-slip hand push at the backside, facilitating smooth movement by caregivers or attendants. The ergonomic design ensures a secure grip, and when self-propelled, the hand push can be detached effortlessly.
- **EASY ASSEMBLY:** Get started without any hassle with the VMS Careline Comfort wheelchair. Simply unfold the chair, flip the footrest, and it's ready for use. No complicated assembly is required, allowing you to enjoy convenience right from the start.
