Hi Harshad

For the 2 kiosks at Guwahati forecourt, we were in discussions with the brands finalised by the asset commercial team, and they have refused to move forward since the life of the terminal is around a year and they don't want to invest 20-25 lacs in building one.

We will now go ahead with making of a knock down kiosk which will have our inhouse brands. In interest of time, we will go ahead with vendor appointment for building of the kiosks & equipment without involving the techno commercial team. The approximate cost of building the kiosk will be 20 lacs each.

Requesting your approval to proceed with the same.

Regards

Akshay
