Dear Abdul,

That will not be possible as the length of **Bluestar BC350A** is small.
However it is possible to replace the **Elanpro CGN 3100TNG** with **2nos** of **Celfrost BB201/ 201SS** or **BB 201 Dlx/201 SS Dlx**. See attachments for more details.

Please note that for these models of Back Bar Bottle Coolers a civil slab is required above them.

Dear Abdul,

I think you need the specification of equipment and isometric drawing of fabricated equipment. Shop drawing to be made by vendor not consultant. Will ask the specification and isometric drawing from Consultant.
