Custom Charges				1	0	133473	Regret
					663880	610163	Regret

Note: We are proceeding with the L2 vendor, Revac System, as they are approved by the Airport Authorities for producing UV Hoods. Additionally, they have previously supplied UV hoods to us for use at BLR Airport, and the feedback has been positive. In comparison with Jimco, Revac System has a much shorter lead time since they manufacture UV hoods in India (Hyderabad), while Jimco would need to import the hood. Considering the urgency of the project and the longer lead time associated with Jimco, we have decided to award the purchase order to Revac System.
