

Delhi T1 Piers existing outlet and carts have to be shifted from their current location along with carrying out modification and rebranding & layout change.

Management has mandated fallow design who have carried out the fabrication of few outlets were shortlisted to carry out a turnkey job of designing , shifting and modification.

We have negotiated on the overall commercials submitted by Fallow design and releasing the order on single vendor due to urgency of the work to be executed in 10 days.

Works at site are parallely in progress
