Grand Total					48000	35000	Did not quote

Note: Although quotes were requested from three vendors, only two vendors submitted their quotes on time. We are proceeding with the L2 vendor because the specifications they provided are significantly upgraded compared to the L1 vendor. The L1 vendor will use 304 grade stainless steel material, and their services are available pan India. Additionally, they have supplied many tandoors at our previous sites, with positive feedback received. Therefore, we are awarding the purchase order to Kanhaiya Lal Tandoor Vendor.
