Attachments: Server shifting.pdf

Hi ,

Pls help us to negotiate and close this immediately as our biometric server is still and we have to carry fresh installation.

Regards

Samrat

Dear Manish,

We also want to migrate the NetSTAT door access software. Kindly send us commercial for both on Abacus letter head immediately.

Regards

Samrat

Hi Mr. Samrat,

Kindly find the below requirement for software and hardware installation. For Server migration the charges is Rs. 45,000 + tax. If server IP is changing than server ip needs to change at each location by your team.

Server Software Requirement

Microsoft Windows Server 2014 or above
any Service Pack.

Database Requirement

Microsoft SQL Server 2014 or Above

Hardware Requirement:

Minimum: 8 GB of RAM,
100GB of available hard disk space
Microsoft Office (for exporting report.)

For Biometric Hardware Installation

- 1 Required Power Point near Biometric Reader & LAN cable with Crimping from network switch to Reader.
- 2 Required Static IP at HO or central location where data is required.
- 4 Internet connection is required at all location. When device is online, it will send data to central server & when it is offline, then it will store data in the device. Moment device is online, it will push data to central server
- 5 Client need to arrange for network permission, security, firewall settings, etc.
- 7 Port number for NETTING are 7331,7332 (TCP).

If you have any queries, please feel free to call us.

Regards,

Manish Kumar

Subject: Biometric server migration.

Dear Jay,

We need the commercials for migrating the existing access manager setup to Azure cloud, require the hardware specs for the same, also if in case we would like to setup the access manager on a new server we would want the server specs, pls help us immediately as our existing server has crashed. Waiting for your speedy response.

Warm Regards
