Dear Sandeep/Salman,

Alternate options available in Market on all the Equipments which is on hold due to suppliers Open advance (from other regions and it's not even related with Kolkata).

Please understand these are brands which need to run with their approved and 100% working equipment's failing to any of these parameters will lead to a heavy loss, which even you agree we don't want...

Now coming back to main point, we haven't received any satisfactory response from HO to have these equipments available and delivered which is pending from quite long time now and still we don't know when can we have these available...

Thanks & regards,

Shailendra
