Hi Sandeep,

As discussed, we are using this in ID restaurant it's an oil diffuser and customised to avoid smoke exhaust automatically, which will not activate the AAI smoke detector & control the carbon mono-oxide to avoid customer complaints as hygiene part (AAI will check the same)

Will send you the contact number of the vendor.

Regards,

Karthick

Dear Karthick

Referring to our discussion yesterday, I am reviewing the Qmin BOQ, and the email we received included the following description. However, the PR listed it as an Oil Smoke Diffuser. I will need the technical specifications, as the picture does not clearly indicate the type of equipment this is.

Chimney	Fabricated	1500 MM

Der Sandeep,

Wishing you and your family & the team at Travel food services a very Happy Diwali!

Thank you for sharing. I would request that you share entire list in excel along with pictures and specifications as for a few models that I am unable to find on Google to make comments about.

A few of the dimensions/specs are different; hopefully, they will fit into the layout

Thanks & Regards,

ASHISH MISHRA
