Hi Sonam,

Please go with English Signage only, which is your standard size. We can fix the same at Facade..

Hi Abdul,

According to T4 Terminal we can proceed the façade design according to our norms, AAI has not provided any restrictions in that but we have to share our electrical requirement to AAI for load availability from there switch room.

Kitchen part we have to provide safety parameters like smoke detectors.

Hi Aastha,

Please find the below remarks in yellow highlighted,

Note-

1. DMB is coming on wall because of low height (only 4nos. 32" DMB can fix on wall. please check below image for your reference) -- Noted on the same, will align the team accordingly.

2. Door width 2'-6" is mentioned in AutoCAD file received from your side but we require door width 3'-0" hence I have revised the drawing. – As discussed, we will re-work on the door. While we carrying the works

Dear Soni,

- The satellite location fee will be Rs.1,25,000+18% GST.
- The cart is for events or open space for limited time but here we have space so satellite store will be approved with limited equipment's according to policy.
- Separate POS has to be installed for this location.
- Mother store is due for remodelling so it has to be remodelled before opening the satellite store.

Under which franchise number satellite is required please let me know to get back with further details.

Looking at the image I advise to put a satellite store instead of cart.

Dear Somu,

We discussed. Request if you can arrange for your team to visit Chennai Airport to explore the possibility of putting up Subway Carts at locations which my colleague Amit can show to your team. Amit is marked on the mail and his mobile number is 9755549955.

Post visit we can then discuss further.

Thanks and Regards
