Dear Nikhil,

Good Afternoon.

Further to the mail I had a discussion with Romy sir, we are ok to revise One Time setup cost as 75,000/- considering we are getting the confirmation within this week.

Look Forward for the confirmation on same.

Regards
Anju

Subject: RE: TFS Discussion for product walkthrough

Anything that can be reduced on One-Time? Ideally as the yearly cost if already 1.2, can we waive off the same?

Regards,

Nikhil

Dear Nikhil,

We have understood the requirement from Shashank.
We will be using the existing instance of TFS for Maintenance activities.

Please refer to the following commercials for same

Maintenance Module Subscription Charges – Rs 10,000/- per month upto 20 maintenance Users, Rs 500/- per month per user above 20 users.
One time setup Cost – Rs 1,00,000/-

Please not above commercial is excluding the Statutory taxes
One time setup code Payment need to be done in advance.
Subscription Charges to be Paid Quarterly Advance.

Please confirm so that we can start the setup for same.

Regards
Anju

Dear Shashank,

Hope the Asset Infinity demo was helpful. Most of your asks from maintenance perspective is readily available on the system
As next step, I propose you can set a call with Anju to configure the fields, according to your needs (like asset categories / issue categories etc)
The ticketing system is already available to us. We can pilot Kolkata airport with help from Jayanta and Shailendra, so that all maintenance activities are captured / scheduled directly against the fixed assets already registered and tagged on the system
Please let me know if there is any support needed from me

Regards,

Nikhil
