Dear Ritu,

As per our conversation, the new laptop has a touchpad issue. Could you please collect the laptop and check it from your side? If the problem persists, kindly arrange for a replacement.

Thanks & Regards,

Dear Latesh ji,

We had quoted for 1255u processor only, but in po it's mention 1265u .

As it was manufactured in Jan 2024 so it is showing warranty from the date of manufacturing. We will get it updated as soon as possible.

For any further clarification please feel free to contact us.

Thanks & Regards,

**Ritu Saini**

Dear Ritu,

I am writing to bring to your attention some discrepancies between the invoice and the laptop we received:

1. **CPU Speed:**

- The invoice mentions a CPU speed of 1265u.
- The received laptop has a CPU speed of 1255u.

2. **Warranty Expiration Date:**

- The invoice states an expiration date of January 30, 2027.
- The received laptop shows an expiration date of July 31, 2027.

Could you kindly check these discrepancies and confirm the details for us? Your prompt response would be greatly appreciated.
