Dear Varun & Shama,

Hope you are doing well.

Further to our discussion, kindly please find attached DW Commercial Fee Proposal for your review and further action.

As I'm aware of the urgency of Concept process review for Airport approval, 3D Rendering always took us a long process for completion. The best way for us to assist is to focus on a specific important area/view for approval and follow with others along the way.

Please review and let us know your decision.

Best regards
