Dear Shama,

For Subway Noida, we need to get the payment released for the design as per the attached invoice. Could you get your team to raise the PR for the same so that the payment can be released. This is critical for them to send us the designs.

@Abdul Baseer Kindly get the invoice generated (for FZE number and design) so that TFS team can pay it tomorrow.

@Soni Viswanathan I have asked the design team to initiate work. However, they will be able to release the design once this code is created.

Best,

Hi Somu,

Just clarifying, we already received a layout from your team earlier and we are now asking the same to be revised to include the beer counter. While we are aligned on following the process of generating FZE number, our only worry is that this should not delay the submission of revised layout to Airport. Can we target to get the layout by tomorrow as per our conversation yesterday and in the meantime we work on generating the FZE number. Anticipating a favourable response please.

Soni – Just came to know, FZE number is still not generated for this location. Could we please get this done ? Until then it would not be possible to act on this.

Abdul – Please coordinate with Mitesh and get the FZE number invoice generated

Dear Somu,

Thank you for the in-principle approval. We will arrange for it be reviewed and share the signed copy. Wanted to discuss on the further steps on the same:

- 1) We would need the revised designs with the Beer Counter incorporated. Attached is the last communication we sent on the layout. We now need the designs to revised basis the inputs in the attached email and also incorporating the Beer Counter.
- 2) As discussed, the sale of Beer will be excluded from the royalty payment for which we need to make provision for a separate POS and beer sales to be captured separately, and this will be captured in the exception form you have shared. Accordingly, we will sign the agreement in standard form with no changes needed to be captured on the Beer Concept.

Regards

Soni
