Dear Mam,

This concern is very foremost If we waited for HO approval agreement copy it will take more time to make a payment for vendors, If the amount is not paid instantly to the respective vendors, Their employees will not get salary then the people will not come for Duty beside the vendor won't provide Vehicle for garbage clearance. Thus there is a risk of accumulation of garbage in all terminal, Then AAI will make a big problems in the scale. This is very imperative one .So I am requesting Please make a payment Immediately to avoid big complaints and Penalty from AAI.

Note: Real Fresh & SPM Travel Agreement Copy is attached which is signed by Third Party & GM Foy your reference.

Dear Mr Azmath Mr Chandru

Refer trail mail and mail from AAI.
It's a major task, having limited time line.
(a) examine the space availability in present storage area near T4.

- (b) planning to move from T1 storage area to T4. You will be requiring extra man power exclusively for this purpose shift wise, similar to despatch department.
- (c) bigger capacity garbage clearing vehicle essential
- (d) commercials w r t manpower and garbage clearing vehicles involves HO nod and approval.
- (e) above all... Contonment officials are having upper hand authority over AAI, if we fail to comply as advised by AAI
- (f) Factory act and it's mandatory compliance cannot be ignored.

With warm regards

Swamy

Dear Sir,

As per below mail it is very difficult to dispose the garbage from T1-T4 already we are disposing main kitchen & T4 food waste in T4 arrivals dump Yard, But if we dispose all terminal Garbage's in T4 Garbage Yard

There is no enough space to dump the total garbage's in the same place, besides if we are move the garbage's from T1-T4 yard also, We need vehicle for the movements on daily basis since we don't have enough

Manpower to move the garbage's as well very difficult to carry the bulk garbage's from 2km distance to here.

@ Selva Averagely 2.5 ton kgs we are disposing garbage's per day in T1, So Please suggest and share the Quotes for a suitable vehicle intended for further process.
